
New Investigator Collaborations and Interactions from an Industry Perspective

Tanya Irwin

Clinical Operations Lead

Research collaboration falls somewhere in between.
The intent is to have Industry and the site collaborate
in a way that allows Industry to provide as much or
as little support as required to operationalize the
work.

Key Capabilities

	Infrastructure	<ul style="list-style-type: none"> • Qualified Resources • Conduct general sponsor tasks in accordance with GCP and all other existing regulations • Ability to develop study documents
	Drug Management	<ul style="list-style-type: none"> • Storage and distribution facilities, temperature controls, security, etc.
