

HEMATOLOGY

SATURDAY MYELOMA WORKING GROUP AGENDA

CHELSEA HOTEL, TORONTO

ROOM: SCOTT

SATURDAY APRIL 28, 2018 8:30 AM – 12:00 PM

CO-CHAIRS: DR. T. REIMAN AND DR. D. REECE

CME Credits:

Credits for Specialists: This event is an Accredited Group Learning Activity (Section 1) as defined by the Maintenance of Certification program of the Royal College of Physicians and Surgeons of Canada, and approved by Queen's University.

Learning Objectives:

- To interpret and address, through clinical and translational research, current strategies for myeloma management in Canada
- To review promising new methods to monitor the myeloma disease burden, their incorporation as biomarkers in clinical trials, and the eventual goal of translating them into clinical practice
- To interpret molecular biology and new therapeutics as these relate to the management of multiple myeloma
- To update, review and discuss clinical studies conducted by or in collaboration with the Canadian Cancer Trials Group, including the relationship of CCTG and the evolving MCRN trial network
- To discuss the priorities for future myeloma research in Canada practice
- To provide a learning environment supportive to new investigators
