

## SUPPORTIVE CARE

SUNDAY, MAY 1, 2022, 1:00 PM – 4:00 PM

CO-CHAIRS: MICHAEL MCKENZIE & MARGOT BURNELL  
SENIOR INVESTIGATOR: HARRIET RICHARDSON

**CME Credits:**

*Credits for Specialists: This event is an Accredited Group Learning Activity (Section 1) as defined by the Maintenance of Certification program of the Royal College of Physicians and Surgeons of Canada and approved by Queen's University.*

**Learning Objectives:**

1. To discuss the results of recent trials in controlling symptoms of patients with cancer and the potential for translating this new knowledge
2. To discuss the role of psychosocial interventions such as cannabis to alleviate cancer symptoms, improve treatment-related outcomes, and improve overall patient experience
3. To identify opportunities to expand the use of palliative radiotherapy for the management of symptoms
4. To discuss clinical trials in the field of early palliative care and to consider opportunities for research to support caregivers of cancer patients.
5. To identify opportunities to integrate new measurement methodologies and/or correlative science in supportive care trials

<b>1:00</b>	<b>Welcome new executive committee members</b>	M.McKenzie/M.Burnell
<b>1:10</b>	<b>COVID-RELATED ACTIVITIES</b> SC.27 Cohort Study	- H. Richardson
<b>1:20</b> (~5 min each)	<b>ACTIVE/APPROVED TRIALS and Secondary Data</b> <b>Analyses</b>	
	• CO21: Exercise & Colon Cancer	- H. Richardson/ J. Lefebvre
	• HE1: RT and Symptomatic Liver Cancer	- L. Dawson
	• SC26: EASE and Acute Leukemia	- C. Zimmermann
	• SC.28: Mindfulness App intervention (SEAMLESS)	- L. Carlson
	• BL.13F: Remote symptom monitoring (UMotif)	- D. Howell

## TRIAL PROPOSALS

1:45

(10 min  
each)

- Phase 3 Randomized Trial for Non-Spine Bone Metastases: SBRT vs Conventional Palliative EBRT - A. Sahgal
- Simplify SABR-COMET-PRO - D. Schellenberg
