

INVESTIGATIONAL NEW DRUG (IND) COMMITTEE - 2023 Spring Webinar

Friday April 14, 2023, 12:00pm – 3:45pm ET

AGENDA

Chair: Dr. Dave Cescon

IND Program Director: Dr. Lesley Seymour

Overall Learning Objectives:

1. To identify clinical research opportunities within the Investigational New Drug portfolio of the Canadian Cancer Research Group
2. To apply best practices in clinical trial development, conduct and analysis to the CCTG IND research agenda.
3. To integrate current knowledge regarding therapeutics and tumour biology in trial concept development and conduct
4. To update the IND Committee on cell based therapies.
5. To provide a learning and mentoring environment supportive to new investigators
