

GYNECOLOGY DISEASE SITE COMMITTEE

DISEASE SITE COMMITTEE MEETING AGENDA

CHELSEA HOTEL, TORONTO, ON

ROOM: ROSSETTI

SATURDAY APRIL 26, 2025 8:30 AM– 12:00 PM EST

CO-CHAIRS : MARK CAREY AND STEPHEN WELCH
SENIOR INVESTIGATOR: WENDY PARULEKAR

CME Credits:

Credits for Specialists: This event is an Accredited Group Learning Activity (Section 1) as defined by the Maintenance of Certification program of the Royal College of Physicians and Surgeons of Canada, and approved by Queen's University.

Learning Objectives:

- To define key design elements of a pragmatic trial in oncology and identify opportunities for concept development and trial conduct.
- To identify and address, through clinical trial and translational research, the disease burden associated with gynaecological malignancies in Canada.
- To identify clinical trial research opportunities within the Canadian Cancer Trials Group.
- To integrate current knowledge regarding therapeutics and tumour biology in trial concept development and conduct.
- To apply best practices in clinical trials conduct and analysis to the Canadian Cancer Trials Group research agenda.
- To identify mentoring opportunities within the Canadian Cancer Trials Group research agenda for new investigators.

8:30 am	Welcome / Announcements	M. Carey / S. Welch
8:40 am	Pragmatic Trials: GCIG – Planning and Perspectives	M. Bookman
9:00 am	Panel and Audience Discussion on Pragmatic Trials	
9:20 am	Cervical Working Group	E. Leung / V. Samouelian
10:05 am	Break	
10:20 am	IND report	JL. Ethier
