Overall program meeting objectives:

- Identify and address, through clinical trial and translational research, the disease burden associated with solid tumours and haematologic malignancies in Canada.
- Identify clinical trial research opportunities within the Canadian Cancer Trials Group.
- Integrate current knowledge regarding therapeutics and tumour biology in trial concept development and conduct.
- Apply best practices in clinical trials conduct and analysis to the Canadian Cancer Trials Group research agenda.
- To identify opportunities for mentoring new investigators in Canadian Cancer Trials Group research agenda.
- To synthesize, disseminate, exchange and apply knowledge derived from clinical trials to improve the health of

Credits for Royal College specialists: TBD

This event is an Accredited Group Learning Activity (Section 1) as defined by the Maintenance of Certification Program of The Royal College of Physicians and Surgeons of Canada, and approved by Queen's University CPD Team. You may claim a maximum of 23 hours (credits are automatically calculated).

Hours for All Health Professionals:

This is a professional learning activity which provided up to 23 hours of Continuing Education.

How to claim credits:

Credits must be claimed by using our "Continuing Medical Education" Program located on the Spring Meeting Web Page (www.ctg.queensu.ca/public/annual-spring-meeting). Participants are asked to state the number of hours of attendance (1 credit for 1 hour) for accredited meetings and complete the online evaluation to receive your certificate. You will need to enter your CCTG UserID & password. If you do not have a CCTG UserID & password, please use your Spring Meeting PIN# to sign in.

CME evaluation program deadline is May 30, 2025

With gratitude, CCTG acknowledges that the Annual Spring Meeting is taking place on the traditional territory of many nations including the Mississaugas of the Credit, the Anishnabeg, the Chippewa, the Haudenosaunee, and the Wendat peoples and is now home to many diverse First Nations, Inuit and Métis peoples.
