CME Credits:

Credits for Specialists: This event is an Accredited Group Learning Activity (Section 1) as defined by the Maintenance of Certification program of the Royal College of Physicians and Surgeons of Canada and approved by Queen's University.

Learning Objectives:

- Participants will discuss and assess the Investigator and Patient perspective in patient-centred clinical trials.
- Participants will evaluate the CCTG Patient Engagement Model and be able to identify clinical trial lifecycle touch points to engage patients.
- Participants will be able to integrate best practices in patient engagement in clinical trial activities including collaboration in meetings, in the design, development, and delivery of patient-centred clinical trials
- Participants will be able to identify and integrate key patient priorities in cancer research.
