

## [Media centre](#)

As the primary national cancer clinical trials cooperative, CCTG has many stories to tell and important news share. We talk about cancer research outcomes, important publications developments in the cancer research field and share the patient and family perspective on participating in clinical trials.

### **Media contact**

CCTG works cooperatively with the news media and we make every effort to respond quickly to any media request. To access our researchers, cancer topic experts, important stories, and other media resources please contact:

Alison Urton, Chief Operating Officer [aurton@ctg.queensu.ca](mailto:aurton@ctg.queensu.ca)  
P | 613-533-6000 x 78943
